

Name _____

Regions Project Research Page

Each group will work together to research a region. The group will gather answers to the following questions and use them to help with your brochure. Each group should have a leader (keeps the group working on the task, assigning work when needed), recorder (keeps a record of work done by the group), time keeper (watches the time to stop and clean up), workers (rest of the group). Please fill out roles for your group members, and then answer the questions. Be sure to fill out your resources as you go.

Leader _____

Recorder _____

Time Keeper _____

~~Materials~~ _____
~~Workers~~ _____
